Waterfall Countertops come unfinished – The dealer must finish the counters to their liking (Hallmark has some suggestions as to Hallmark finishing products that can be used – please request from Distributor or Customer Service)

Bamboo Countertops are different sizes than the other species – please refer to the sizing charts in this section for more information.

2020 Design will automatically tally up the number of Waterfall Countertops and round up to the nearest slab.

*****Countertops come as slabs only and must be cut to height in the field by the installer – Counters are solid wood of the same species throughout and can be cut by traditional cabinet installation tools.**

*****Countertops must be finished after being unboxed and the protective plastic taken off – counters left unfinished or exposed for a prolonged amount of time after unwrapping will not be warranted.**

*****Please make note of the depth of each countertop to determine how you will use them with the cabinetry/ door selection.**

Warranty Coverage: Hallmark Hardwoods® warrants that our slabs will not experience excessive warping or delamination manufacturing defects. Hallmark Hardwoods® further warrants that the slabs are free from defects in material and manufacturing when used for their intended interior application. *Slabs are made from real, solid wood and/or bamboo - High contrast & color variation is natural and to be expected. Display samples have been finished with clear urethane for protection. For more information on warranty, maintenance and installation, visit our website.

WARRANTY

Hallmark Hardwoods extends the following limited lifetime warranty on all cabinets manufactured and sold by HALLMARK within the United States and Canada. This Limited Warranty is only applicable to Products sold to the original purchasing consumer on or after January 1, 2022. HALLMARK warrants that all cabinets purchased from HALLMARK will be free from all unnatural defects in material and workmanship in accordance with HALLMARK's quality standards sheet under normal residential use as long as the original purchasing consumer owns the home in which such cabinets are installed. This warranty is non-transferable to subsequent owners of the home. Door hinges and all drawers glide system, including system hardware (lift system), however, are warranted for only 1 year under normal residential use from the date of the original purchase.

******THIS LIMITED WARRANTY IS SUBJECT TO ALL LIMITATIONS, EXCLUSIONS, DISCLAIMERS, AND PROCEDURES SET FORTH HEREIN******

- The warranty does not cover defects caused by improper handling, storage, dirt, chemicals, abrasive or citrus cleaning products, installation, assembly or disassembly, transit or other intentional or negligent damage, product modifications, exposure to the extreme moisture, humidity or excessive heat or cold (temperature outside the range of 50-85°F and humidity outside the range of 30-55% are considered extreme), nor does it cover defects arising from normal wear and tear, misuse, neglect, accidents, alterations, improper use, exposure to improper loads, or failure to maintain properly. Any modification to the hardware structure or finish of the original consumer purchaser's cabinetry by anyone other than those specifically authorized by HALLMARK to do so shall void this limited liability warranty. The product must be used exclusively for its intended purpose in order to be covered by this limited liability warranty. This limited liability warranty shall become void if the cabinets or any components or parts thereof are in any way modified, improperly installed or damaged prior to or during installation, or installed or used in other than normal residential applications.
- **Natural woods may vary in color, grain pattern, and characteristics and exhibit subtle changes as they age.** Wood characteristics that naturally occur, such as variations in color, grain, mineral streaks and knots, are not considered defects. HALLMARK will not be held responsible for these variations in your cabinetry. For example, painted doors, drawer fronts, and face frames may eventually have visible cracking around the joint area, and cabinet colors may darken or lighten over time. These conditions are considered a normal occurrence and are not included or covered by this limited liability warranty. UV light, Sunlight, smoke, household cleaners, and other environmental conditions may also affect the color and integrity of the Product's finish or appearance over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not considered defects in material or workmanship and are not covered under this Limited Warranty.
- **Door joints** in particular are likely to react to conditions of their environment. Gaps that may develop in door joints due to conditions of their environment are not included or covered by this limited liability warranty. This limited liability warranty does not cover or apply to hairline cracks of cabinetry; hairline cracks are unavoidable in wood cabinets given the nature of the material. Every species and grade of solid wood behaves in such a way as to eventually result in hairline cracks.

- Wood is wood and **expansion and contraction** still happen year after year as it compensates and adjusts to ever changing atmospheric humidity and temperature conditions. Observing shrink, expansion on center panels of doors is very common. It will return to its natural position within couple months once it has adjusted to seasonal changes. For the same reason, all door warpage greater than ¼" will be warranted. Please remove all doors and check them on a flat surface for the above stated warpage before requesting replacement.
- **Warranty Performance.** HALLMARK periodically updates and makes changes to its product line and specifications. If a warranty claim is filed during the warranty period against obsolete or changed product and repair is not possible, HALLMARK will, at its sole option, repair or replace the part under warranty with a new part of the same style or with a similar style currently offered and does not include or cover any other costs, including but not limited to any costs of service, labor, shipment, transportation, removal or installation related to the repair or replacement. HALLMARK is not responsible for a replacement product that may not match the installed product exactly. If a manufacturing defect occurs within this limited liability warranty's terms and conditions and HALLMARK determines to replace the defective cabinet or component or part thereof, HALLMARK will ship the replacement cabinet or component or part thereof to the original consumer purchaser via ground shipper or freight carrier, at HALLMARK's sole discretion.
- **CLAIMS:** To file a warranty claim, first contact your locally authorized HALLMARK builder, dealer or distributor who installed and sold the HALLMARK product. They will obtain the information necessary to make a claim decision and forward such information in writing to HALLMARK. A dated sales receipt as proof of purchase is also required to obtain benefits from these warranties. At its discretion, HALLMARK may require an inspection of the allegedly defective product before repairing or replacing. If you have difficulty obtaining assistance, please email all documents to customerservice@hallmarkhardwoods.com, with an explanation of the defect. Please do not send the allegedly defective cabinet or component or part thereof to HALLMARK, unless and until expressly requested to do so by our claims department. Pictures of cabinets or components or parts thereof will be requested by HALLMARK. Making a fraudulent claim may be a crime, and violators may be prosecuted. HALLMARK reserves the right to make all final decisions regarding warranty claims. This limited liability warranty and its enforcement, and any and all claims or disputes arising out of, relating to or in connection with this limited liability warranty or the making, performance or interpretation of this limited liability warranty, shall be (1) governed by and construed exclusively in accordance with the laws of the State of Texas, without regard to the conflicts of law or choice of law principles of the State of Texas or any other jurisdiction (including but not limited to U.S. federal law) that would require the application of the law of any other jurisdiction, and (2) brought only in the United States District Court for the Southern District of Texas.

HALLMARK HARDWOODS®

From 1997 - 2020 Hallmark Hardwoods was known for its innovation in flooring and plywood materials. Offering over 150 SKUS in both engineered and solid flooring, featured in countless professional portfolios, celebrity & designer homes, Netflix® specials, as well as the everyday homeowner. In offering multiple species, generous plank lengths and widths - there is a flooring option for every aesthetic from the flooring division of Hallmark.

1,000,000 sqft cabinetry facility

170,000 sqft Houston facility

In 2020 Hallmark was ready for next steps in the wood industry - Cabinetry - Hallmark developed a state-of-the-art, 1,000,000 sqft manufacturing facility to serve the North American Market, with a 170,000 sqft manufacturing facility in Houston. From the order desk to the factory floor, all understand the Hallmark's mission. The system is supported by our ability to control our own supply chain. With American and European logs and timber, Hallmark produces plywood, dimension lumber, and veneers into flooring, cabinets and countertops; limited waste is diverted for energy production. Meanwhile, Hallmark's long-term competitive advantage includes the quality of our organization, vertical integration and complete utilization of raw materials.
